Annual 2008 Benefit Calendar supporting hot rod hoodlums worldwide.

You leave greasy finger prints on everything you touch. Drips of sweat follow you around the shop and pool every time you look down. Your feet and back hurt. Your knuckles feature scrapes of various sizes – some bloody, some dry. There must be more relaxing ways to spend your free time... Yeah, right.

It's hard to describe a long day in the shop as euphoric. It's even hard sometimes to call it enjoyable. Building a traditional hot rod or custom takes the

kind of sacrifice that very few can give. From the outside, the practice appears to be reserved for people that are downright insane.

In a small way, this calendar proves otherwise. Each image represents light at the end of the tunnel. Reasoning. A payoff.

You aren't alone. You aren't insane. You're passionate. Welcome to the family.

Thank you to Ryan for allowing me to take on this project once again. The HAMB has helped me in ways I can't begin to quantify, and one of the coolest things about that, is I know I am not alone. Viva la HAMB. **Chad Hill (Django)**. Each year this calendar would not be possible without great contributions...
