(Sheet Metal Repair, How To Make A Repair Panel, Leading)

Classes start at 9:00. We will break for lunch sometime afternoon and resume the class.

Ever see a car out and about and wonder "How did he do that?" or think to yourself, "Hey, I could do that too if only someone would show me how!" Well here's your chance! Welcome to the **Hot Rod 101 Winter Shop Technical Series**. This year's class will feature the build of a **324 Rocket Powered 1934 Ford Two Door Sedan**. You will be able to sign up for individual classes on the topic of your choice. Class size will be limited and coffee and doughnuts will be provided. Check the website for details. **\$25 class fee.**

You can send paypal payment to.....
websales@hotrodchassisandcycle.com and be sure to include which class you are signing up for and for how many people. Or call and pay via credit card. Sorry, no refunds.
